

NCLGA PHOTOGRAPHY POLICY

Whilst the NCLGA does not seek to prohibit those with a legitimate interest in filming or photographing children participating in sporting activities it recognises that such activity should take place within an appropriate policy framework.

This policy applies at any NCLGA event at which children under the age of 18 are participating.

POLICY

The NCLGA policy is as follows;

The welfare of children taking part in golf is paramount.

Children and their parents/carers and or the NCLGA should have control over the images taken of children at NCLGA events.

The golfing activity should not be misused purely for the purpose of obtaining images of children.

Images should not be sexual or exploitative in nature or open to misinterpretation and misuse.

The identity of children in a published image should be protected so as not to make the children vulnerable. (If the name of an individual golfer is published with their photograph to celebrate an achievement other personal contact details should never accompany the picture).

PROCEDURE

Official/professional photographers and those using 'professional' equipment

The NCLGA requires that anyone wishing to take photographic or video images, at any NCLGA event at which children under the age of 18 are participating, in an official or professional capacity or using 'professional' camera or video equipment registers their details with the NCLGA Championship Office. This must be done before carrying out any such activity on the golf course (including the practice ground) or surrounding area or in the clubhouse.

Once registered an identification label will be issued as confirmation of registration. Anyone found using photographic or video equipment without an appropriate identification label will be questioned.

The NCLGA reserves the right to refuse to grant permission to take photographic or video images if it sees fit.

Photographers must obtain consent from parents to take and use their child's image.

Parents/carers/family members of competitors

Parents, carers and family members taking occasional informal photographs with mobile devices of their own child, ward or family member at a NCLGA event do not need to register their details with the NCLGA.

If such photographs include other children (eg at a prize presentation) they should not be publicly displayed or published on social media unless the prior permission of the parents/carers of all the children in the photographs has been obtained.

CONCERNS

If competitors or parents have any concerns they should raise them by contacting NCLGA Championship Office immediately.

The NCLGA will notify the relevant authorities should it have any doubts as to the authenticity of any individual taking photographs.
